

UPA Proposes, BJD Disposes –

The Failure of the Naveen Patnaik Government in Orissa

April 11, 2009

All India Congress Committee,
24 Akbar Road, New Delhi – 110001

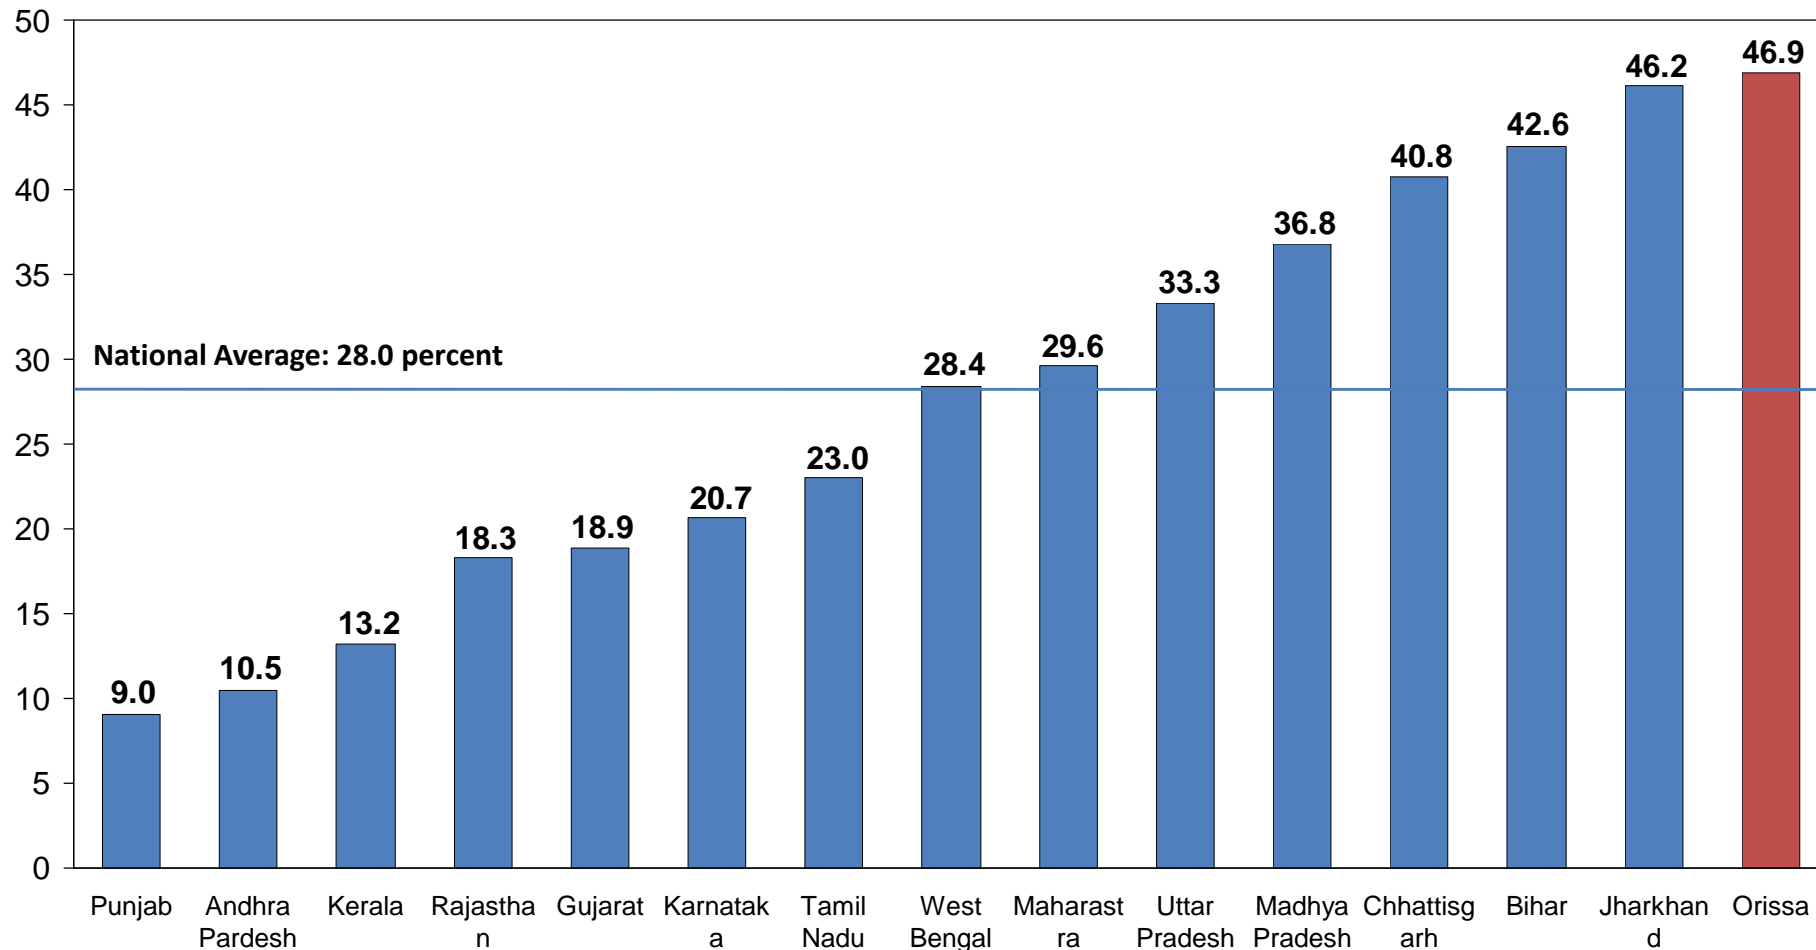

Executive Summary

1. Orissa continues to be one of the poorest states in India
2. Keeping this in mind, the Congress-led UPA government substantially increased central funds for Orissa to Rs 58K crore compared to only Rs 33K crore given to Orissa under the NDA (i.e., 73% more)
3. Unfortunately, the Naveen Patnaik government has failed to use these funds effectively; large amounts of central funds given by the Congress-led UPA government have not reached the people of Orissa
4. Instead, the Naveen Patnaik government has diverted the central funds to corrupt activities; as shown by the number of scams under its rule – e.g., the NREGA scam, the health scam, the education scam, etc.

1. Orissa continues to be one of the poorest states in India

Percent of Rural Population Below the Poverty Line, Major Indian States, 2004-05
